

The K-Love signal is heard on 105.5, 89.1, and 100.9 in Arizona. K-Love has a positive and encouraging impact on both families and communities. The idea that K-love could be replaced by a Low Power FM (LPFM) station, which may not have the same family friendly programming, is very upsetting. Knowing that my family and friends in Glendale, in Tucson and all over the United States can be listening to the same thing, at the same time, as I am in Mesa, is very encouraging and provides a sense of unity. Please DO NOT allow K-LOVE to be replaced by LPFM. Thank You!
